Free Mentoring

- By experienced professionals from all functions and all industries
- With access to mentoring, you are 5 times more likely to start a business than not
- 25% of all businesses fail within the first year. With a SCORE mentor, the failure rate is reduced by 50%.

“My mentor was spot on with the insight and feedback.”

“My mentor had actual expertise in my field of interest and years of professional expertise. My mentor cared about understanding me personally and identifying my passions. I was offered multiple paths to success and had lots of helpful advice from professional with years of experience. Can you really beat that?”

“After implementing the action items we discussed, we’ve had a string of the most profitable months to date. You have made an impact on our small business.”

Low Cost Workshops

For those just thinking about starting a business or those already in business that need to upgrade their knowledge and skills.

SAMPLE:

- How to Write a Business Plan
- Financing Options for your Business
- How to WIN Government Contracts for your Small Business
- How to Sell Your Product On Amazon
- Everything You Need to Know about Creating an Online Presence

MANY OTHERS ON OUR WEBSITE

“Excellent quality, high value experience.”

“Excellent workshop - game changing information.”

“This is my third SCORE workshop and they have greatly increased my business knowledge.”

Business Check-Up

Business Check Up is for established businesses. An independent assessment of your business by a highly collaborative SCORE team that will identify with your key business issues and develop an action plan for sales growth, operation improvements, financing sources and overall profitability improvement.

“We received a lot of attention and clearly the team worked hard on our behalf during the checkup process.”

“The team helped me sell my business and transition my life to a new chapter.”

“It was great. I recommend the Business Check Up to everyone. It has been the best thing I have done for my business!”
