

General Information:

We recorded today's Webinar. Once the video is processed, we will email it to all paid registrants along with any handouts and this particular summary.

From the Workshop and Chat (including prior workshop comments/questions/resources):

- <https://www.mymcpl.org/square-one> The Business Services at Kansas City's Mid-Continent Public Library
- <https://www.mymcpl.org/square-one/specialists> (Note: Kelly Head is the Business Librarian at MCPL who helps people research public databases of information.)
- Kansas City Public Library (For example Non-Profit support and Access to the Foundation Directory for Grants): <https://kclibrary.org/nonprofit>
- Find a Library near you: <https://www.usa.gov/libraries-and-archives>
- SCORE Financial Template Template for Financial Projections
<https://www.score.org/resource/template/financial-projections-template>
- Our Accessing Capital for your Small Business webinar is on 12/16/25 @10am CST/
9am MST/8am PST: <https://www.score.org/kansascity/event/20251216-accessing-capital-small-business>
- Also, in prior sessions the Zoom host mentioned an Industry report. However, the RMA (Risk Management Associates) has merged with BAI so the old link no longer works. The new organization is ProSight. In the past access to their annual Statement Studies report was available free of charge. There is now a fee, with varying levels. Below is the link to ProSight. (Ed. This is why it is important to establish a relationship with a Business Banker, particularly one who supports your industry. These types of reports are resources banks subscribe to for the industries in which they are involved.)
